man with whom she lived, and several other women.

The alleged cause is a disposition on it a part of the woman to ill treat the children belonging to the family. She has lived with Ganung several years, and has borne three children by him, having previous to the death of his wife entered the family as domentie. It is charged that he desired to get rid of her, and soot this means, as he offered no resistance when the crowd entered his house, but allowed them to take her from his bedeand do what they chose with her. He has been arrested.

Where Ark THE COVIDE AND PAYERT OFFICE Reports.—Very great complaints are made of the dilatoriness of the public printers and binders in the delivery of the Covode and Patent Office reports. Why this delay abould occur in a mystery. As the work is being paid for in advance, it is manifestly the interest of all in art. House officers, ordering books which cannot be supplied.

— Gurte a Guy Fanker affair came near a fulfilment at Trieste, on board the Austrian frighte Ksiner. The first control of the bord through the side of the powder maustree, and through the side of the powder maustree, and had got his wire and match inserted to blow all on board to perdition, when he was heard, discovered and seized, and he had just time to make a sudden exit from the world by a pistol builet fired through his bead by his own hands. It was the occasion of a festivity in which some prince of the Reval family was to play a part, it was anticipated that the explosion directly intended to a great number of vessels would have caused a vast destruction of property and life, but the design was fortunately frustrated.
